Ginny,

On the agenda, I recommend we suggest Gerard include two additional categories: Schedule and Next Steps:

Schedule: Discussion would be MassDEP will give them only 30 days to resubmit; submission includes revised timeline and, if we can, EPA discusses our dredging schedule. We should also mention that we expect AVX to provide written responses to Kim's comments on the same date AVX's revised submission is due back to MassDEP.

Next Steps: Set up a formal timeline with a date certain during the first week of January to begin biweekly conference calls with EPA/MassDEP/AVX to discuss all work occurring at the Site.

Gerard-

I forwarded EPA comments on the draft letter to Angela late morning. We were generally in agreement with the letter as drafted. I am in a meeting until 3:30 but will review draft agenda and get you our comments by 4pm.

Hi all,

Still working through the draft of the letter... And if you are too, you know it is a very complex and long letter. Given that, we have to prepare for the possibility that we may not get it out before the meeting.

Hence, Plan B.

I have attached an draft of a proposed detailed agenda that outlines our position on the Phase III. Since it looks like we are not going to get the letter out before the meeting we need to send the agenda beforehand... We would like to send it by the end of the day to give AVX and Brown & Caldwell time to prepare for the discussion.

Let me know what you think.

Thanks for all your input.

Gerard Martin
